SCHOOL LIFE...

Who wants a touchdown? WE want you to win!

"Craig, we've got to stop meeting like this!"

Mr. America 1976

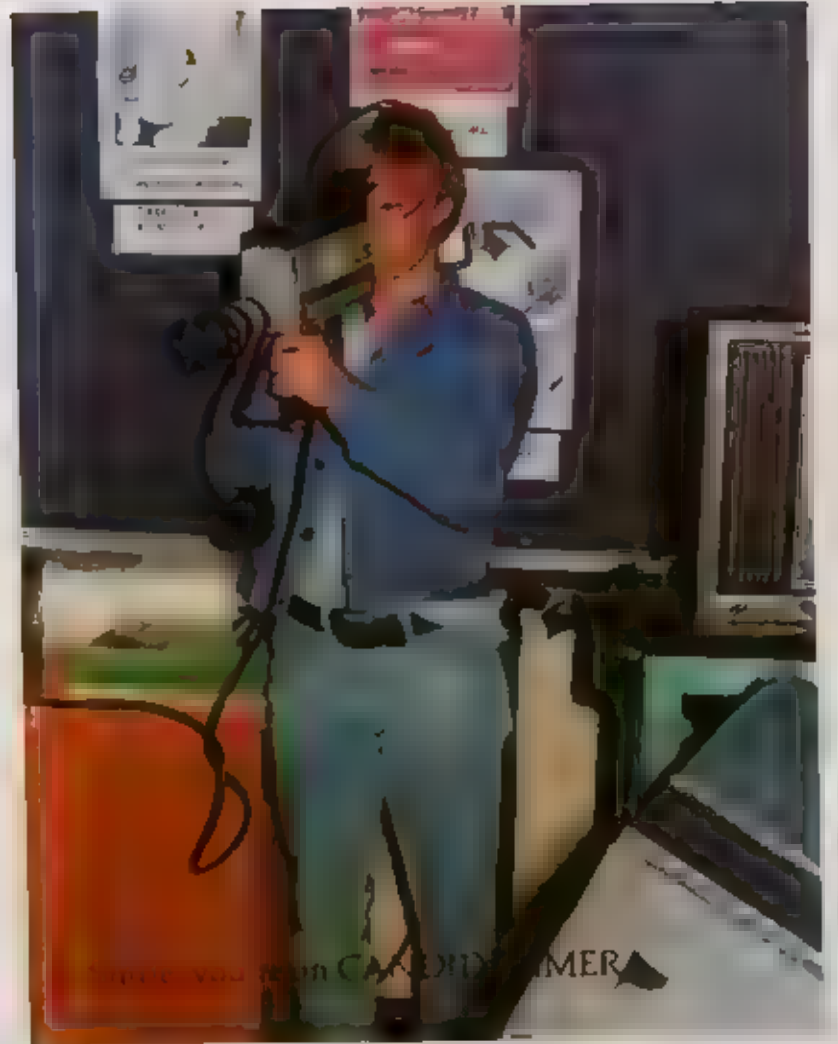

That blonde one has sexy legs

As our school years pass, we look back at all the crazy things we did. We also see the serious moments we spent in our twelve years of school.

The hollow building, our school, is filled by the memories of moments like these. Whichever were yours—card club, football, student council, knowledge bowl, basketball—remember them and smile.

'Oh no, where did I park my car?'

RUN JOEY, RUN

Just look at all those fools out in the rain

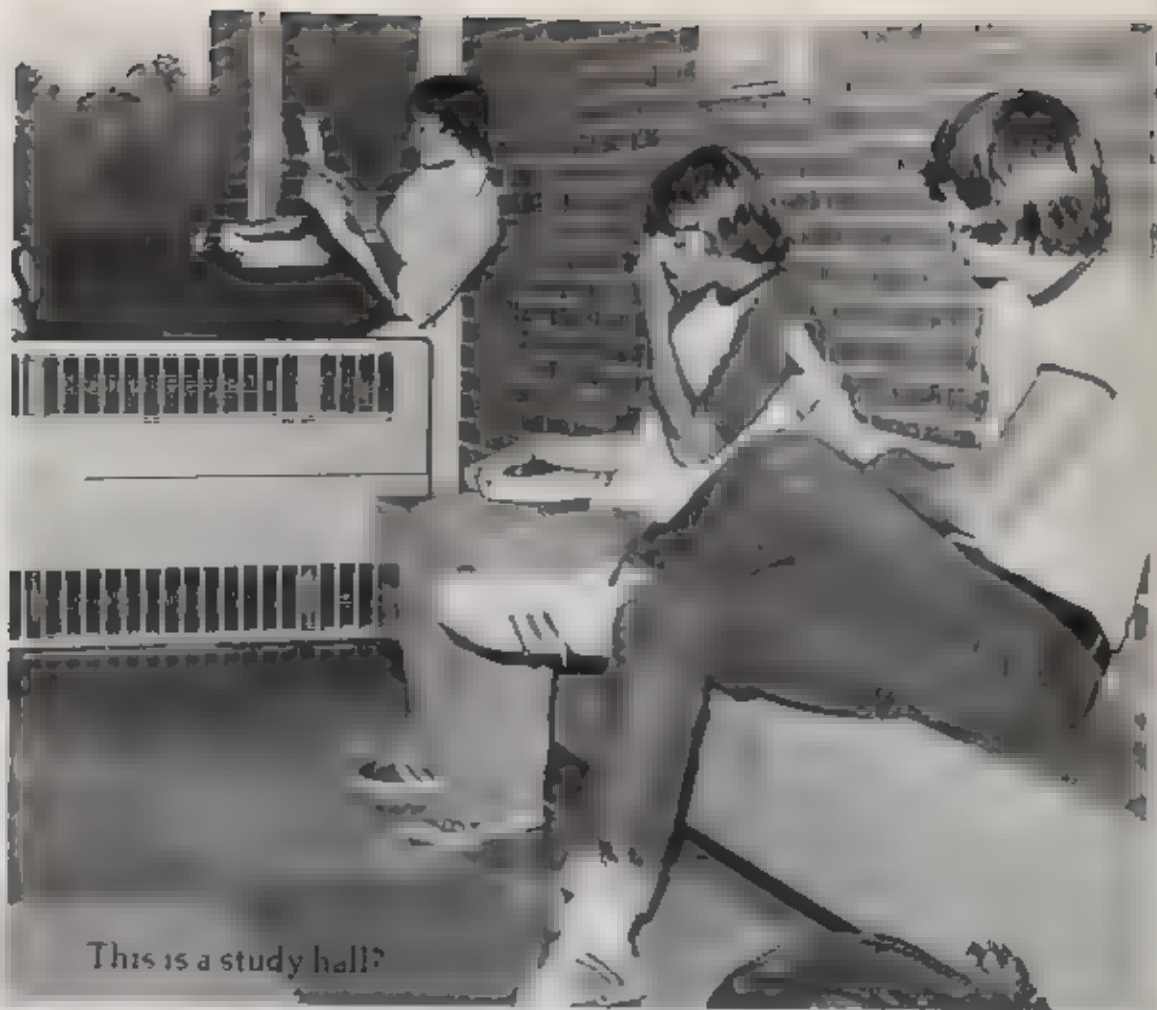

Wandering down the long hall on a rainy day one hears the clamor of unhappy students. "Oh no, it's raining again." "There goes the cross country meet." "Boy, now it's raining and my hair will get frizzy."

But there are always those few who look forward to rainy days. "I guess this means we don't go outside for gym, eh Miss Helman?"

Long distance to Oley.

What is often remembered the most when one thinks about school? Maybe, because sports take up so much time, that's what it'll be. Without fall soccer and hockey, winter wrestling and basketball, and spring track and softball, we might have found ourselves with nothing to do a good deal more often. Sports have a way of bringing people together and uniting them in one common cause—victory! When else do we see so many

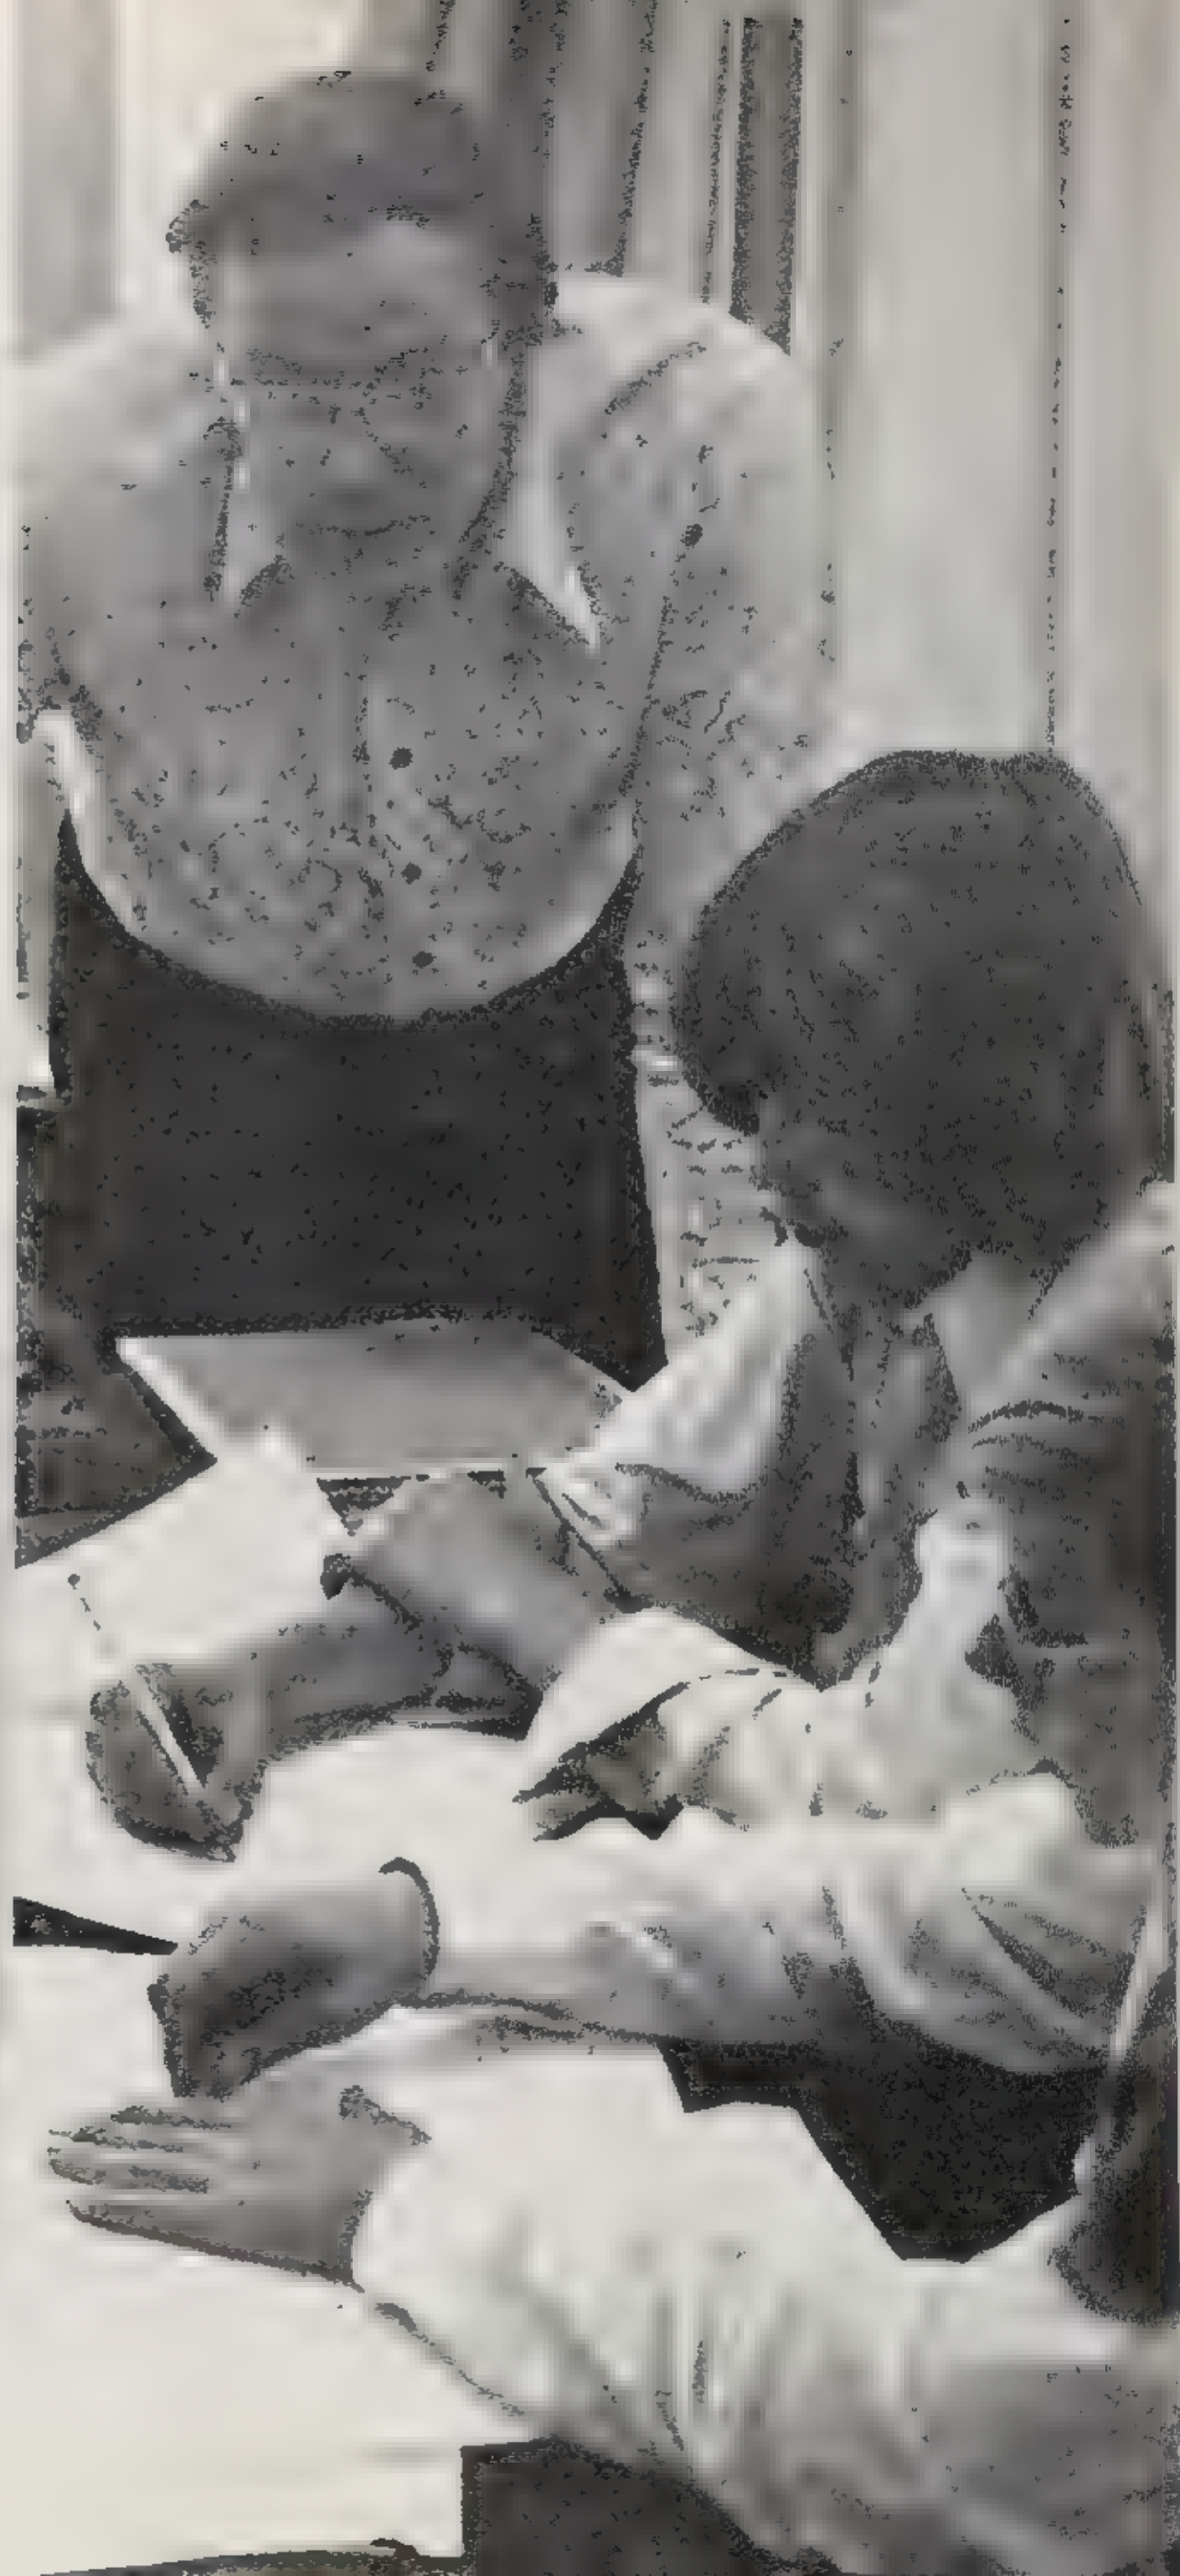

people joining together? It's not only the players that are united, but also the fans and spectators. Young and old alike pack the gym bleachers every Friday night to cheer the basketball team on. Everyone shares the same feelings of tension and excitement that seems to radiate from the crowd. If we had a victory—great! Keep it up! If not, that's okay, we'll do it next time, won't we?

Defense, Desperation, Determination

Knowledge is a comfortable and necessary retreat and shelter for us in an advanced age; and if we do not plant it while young, it will give us no shade when we grow old.

—Lord Chesterfield

FACULTY & ADMINISTRATION

Administrators Smoothly Run District

The main backbone of our school lies within the district administration. Dr. Hardwick, Mr. Fleisher and Mr. Sosik are the reason the school district runs smoothly. Among their many jobs is supervision of our curriculum, attendance, discipline and promotions. These administrators are also helpful in serving as a medium between the school board and the students.

DR. DAVID C. HARDWICK
Superintendent; Berea College, B.A.; University of Akron, M.A.; Ohio State University, Ph.D.

HAROLD L. FLEISHER
Assistant superintendent; Instruction and Personnel;
Kutztown State College, B.S.; Temple University, M.S.

NICKOLAS J. SOSIK
Business manager; Wilkes College, B.S.

School Board Effective In Dealing With District

SCHOOL BOARD MEMBERS SEATED: Jane Gottlund, Vernon Kamp, Carson Schmoyer, Donald Sharp Lorraine

Dries. STANDING: Daniel Hinkel, Robert Kinderman, Clark Frederick, Arlin Lutz, Dr David C Hardwick

The school board, a group of citizens elected by the people to serve the state by conducting the business of our schools, is one of the most important, yet most forgotten aspects of our school system. Serving on the board is a time-consuming duty without compensation.

Board members are responsible for everything on the local level including budgeting and formulating local policy within the limitations dictated by a restrictive set of state laws.

The quality of the Kutztown school system is ample evidence of our school board's effectiveness.

SCHOOL BOARD OFFICERS: SEATED: Lorraine Dries, secretary; Donald Sharp, president. **STANDING:** Vernon Kamp, treasurer; Carson Schmoyer, vice-president.

Principals Stand Behind Well Run School

Mr. Butler, our principal, has put many hours of work into our school. He approves, organizes, or runs most of the KAHS affairs. His job is one of a diplomat, maintaining relations within the school and with the community.

Our vice-principal, Mr. Martin, helps in the responsibility. He takes care of the required discipline and schedules the school calendar for our many activities, such as field trips, athletic events and meetings.

Behind every successful man there stands a woman, and behind every well run school there stands a principal or two.

Courses Offered For Every Interest

Over the past few years, our language arts department has undergone great changes. Once upon a time a student had the same course throughout the year. Now new and interesting choices can be made every quarter. This allows much more freedom of choice and gives the student a chance to express himself in many areas he might otherwise be unable to do. For example, Creative Writer's Workshop and Journalism are of-

fered for aspiring writers. For book lovers there are Novels of Youth and Masterpieces of Drama. Debate is a course open to the student who enjoys speech. Self Awareness and Television Production are special interest courses, and in the way of the conventional, there is always Basic Grammar. Since such a wide range of choices is available, a student can enjoy a course and get good grades at the same time

"Get Behind Men And Grasp Ideas"

"The great object in trying to understand history is to get behind men and grasp ideas." Our social science teachers have been trying to do exactly what Lord Acton has stated by presenting students with the thoughts of many historians. The social science teachers inspire their students to learn through the use of mini-courses. With mini-courses a student can choose anything from traditional history in the Dark Ages to active

participation as in the archaeology course Dig. We can open our minds to the lives of the past, present, and future generations with the aid of videotaped programs and simulations. Because of the diverse opportunities presented to us, the students of KAMS have learned a great deal about people—their cultures, governments, and relationships with each other.

Math Department Demonstrates Versatility

Begin with a square root, add a theorem, divide by a binomial square and subtract a tangent. The answer? KAHS math, of course! Through the efforts of the math department, we come into contact with a variety of courses. Algebra I and Geometry on to Trigonometry and Calculus. We must beware though, or we might

end up playing chess with Mr. Garrett, getting talked into an advanced math course by Mr. Macaluso, going out in the driver ed. car with Mr Walker, or even working on class play with Mr. Gougler. As can be seen, our math department is very versatile!

Wide World Of Science Unveiled At Kutztown

Science is a vast and changing world, yet some things never change. KAHS students begin with the basics of science in ninth grade and get their first taste of having to keep a science notebook from Mr. Darion and Mr. Shaeffer. In tenth grade, we wait day by day for the black snake to get hungry because Mr. Breininger sure has a lot of mice to be eaten. As juniors, we suffer through double chemistry

weekly with Mr. Riedel. Last, but not least, as seniors, we come to physics and advanced chemistry with Mr. Angstadt, our philosopher in residence.

There is science of some kind in just about everything in the world. From the petal of a flower to the air we breathe, science is present! These five men prove it to us daily.

Learn The Language; Understand The People

Me comprendes cuando yo hablo asi?—Spanish. Kannot du mich verstchen, wenn ich so spreche? —German. Do you understand me when I talk like this? —English. Si or Nein? Choices of German, Spanish, or no language at all are a part of curriculum possibilities for students in grades eight through twelve. With great patience, our language experts drill verb tenses, con-

jugations, geography, and history of the countries into reluctant heads. Employing a combination of oral and visual methods, Frau Youse, Senora Payne, and Senorita Dolbin manage to keep their classes interesting and fun. Learning to speak their language is understanding the ideas and culture of another country. We acknowledge a relationship with our counterparts around the world.

Business Offers Something For Everyone

The business department opens many different doors of opportunity for those thinking about a business career in the future and for those desiring a little background in business.

Typing and Accounting are two courses in demand by both business and non-business students alike. But for those students seriously interested in a business career, specialized courses are available. Taking Office Practice, where one learns how to operate all types of modern office equipment would be helpful, but the best experience is offered in the Clerical Skills Lab. In CSL one can actually tryout different jobs in a simulated office situation.

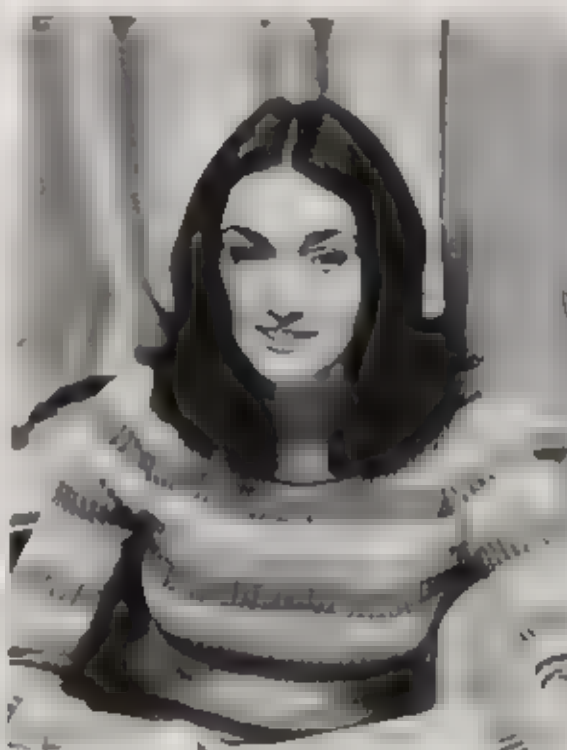

No matter what the future holds for us, a knowledge of business can play an important role.

Preparation Practical For Future

The vocational department, consisting of agriculture and home economics, offers a wide variety of courses for both male and female students at KAHS.

Mr. Reinert and Mr. Newcomer, who run a most successful chapter of Future Farmers of America, try to teach their students that a great deal

of desire is necessary to maintain a successful agricultural career.

Meanwhile, Mrs. Hechinger offers coed courses in everything from traditional sewing and cooking to home management and family relations. Thus she prepares future homemakers for those future years which are not so far away.

Healthy Bodies Create Agile Minds

"All right, get in squads and then meet me out on the field." This may be one of the many things heard as one steps onto the gym

Our physical education department plans a variety of activities for everyone in gym class. Volleyball, basketball, indoor hockey, and animal ball are just a few of the things encountered in the gym

Through the efforts of our physical education department, Kutztown students are guided into maintaining physically fit and healthy bodies. Health classes provide us with instruction in a variety of topics important to our well-being

Craftsmen Gain Useful Skills

Upon entering the shop area, one is amazed by the variety and complexity of the projects being undertaken by fellow students.

Mr. Mock, industrial arts teacher, provides his students with the chance to develop their skills in working with wood, metal, plastic, electronics, and mechanical drawing. A sense of pride and craftsmanship is instilled into students constructing everything from tiny bird houses to huge chests. Each project becomes a work of art.

Make every day count. Do what you really want to do. Sing a song, paint a picture, design and make a bracelet or play an instrument

Our art department, under the guidance of Mrs. Nita Dietrich, allows each person to be individual and creative. The spacious room provides an atmosphere which encourages all to "do their own thing" and enjoy themselves

The music department, under the direction of Mr. Moyer and Mrs. Knauer, flourishes again. The bigger music room is crowded with enthusiastic singers and instrumentalists. Musicians of all shapes and sizes join in our music program for fun and creativity

Special Needs Require Their Special Services

Thermometers, ice packs, and bandages are now under the care of a different nurse. Mrs. Luckenbill, our new "fixer-upper", joined the KAHS staff in September and hopefully will be with us from now on. Besides the usual sprained fingers and headaches she will encounter, occasionally a more serious "case" will arise, giving her the opportunity to show us we really need the services of this fine and friendly lady.

"You really don't think you can get away with all of those studies, do you?"

Mrs. Luckenbill takes charge during a minor health crisis

Harry Tobias

Every day our guidance department must listen to all of our troubles and complaints. They help with our scheduling and are available to consult with any student on problems of academic or personal nature. Never seeming to mind, they are ready to answer any question we put to them.

It is nice to know that the ears of Mrs. Skiles and Mr. Viglione are always open to our voices.

Instructional Media Center Offers Something For Everyone.

Beyond the double doors of our spacious library, a whole world waits to be discovered. Edger Allan Poe, Charles Darwin, and even such esteemed persons as Martin Luther or Gallileo still live within the walls of this room. Rows and rows of books on practically any subject from abalone to zymology can be delved into. Magazines, both current and past, are also available to the student.

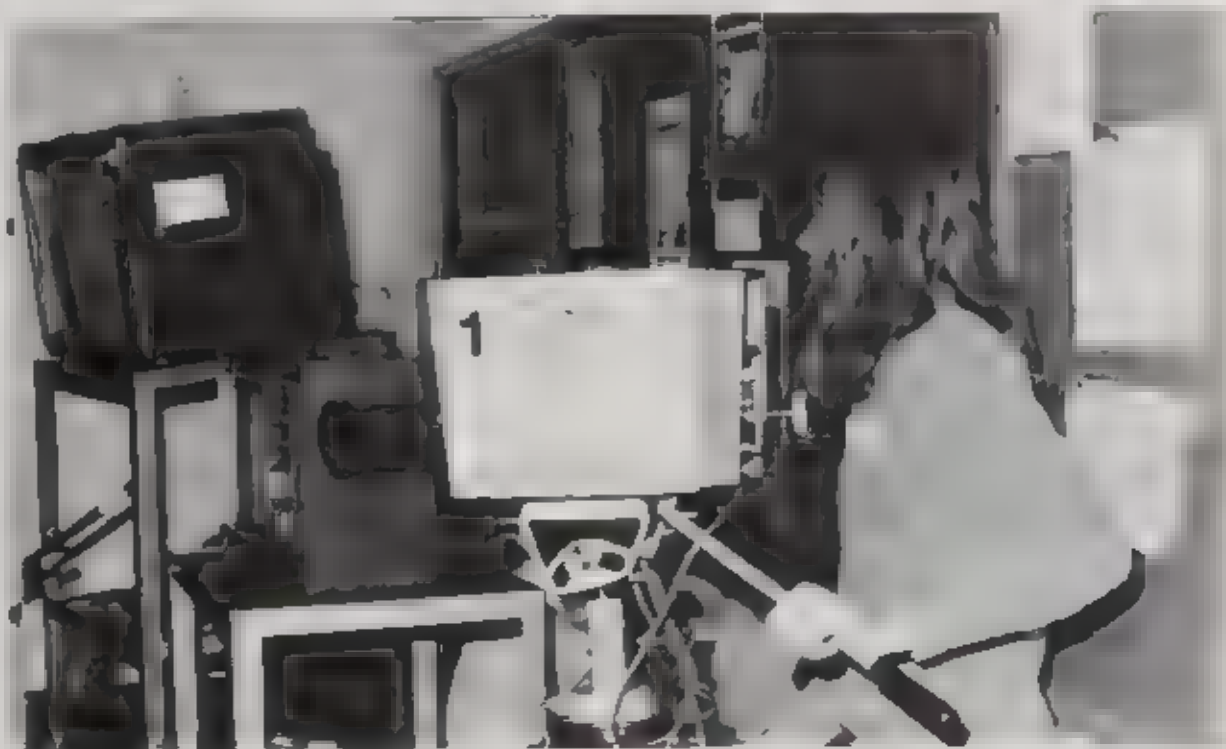

Mrs. Scheel, the "Lady in charge," is always present to help students

find that book or magazine that just seems to be hiding someplace.

This isn't the end of the exploration, though. Through yet another door one enters the AV department where Mr. Gledhill, along with Mrs. Curry, Instructional Media Center Aide, will gladly assist students in getting tape recorders, record players, or the like. So next time you pass this way, take time to enter the world of books . . . who knows what you might find.

Once one steps into the office and hears all the sounds of telephones, typewriters, and adding machines, one begins to realize how much work the clerical staff does. Unfamiliar Faces Provide Familiar Services

Um . . . A delicious aroma permeates the corridor near the cafe. Maybe it's the cooks' famous meatloaf, or better yet, spaghetti topped with loads of cheese. As one draws closer to the lunch line, the sound of trays, clanging silverware and pots and pans reaches the ears.

Each year the cooks prepare all types of edibles to make any student's mouth water. And although we don't always express it, we owe much to

the cooks who have so faithfully and willingly served us.

There are another group of men and women who work behind the scenes for our benefit. These industrious workers sweep, vacuum, dust, clean classrooms, unstick stuck lockers, and perform many other valuable services.

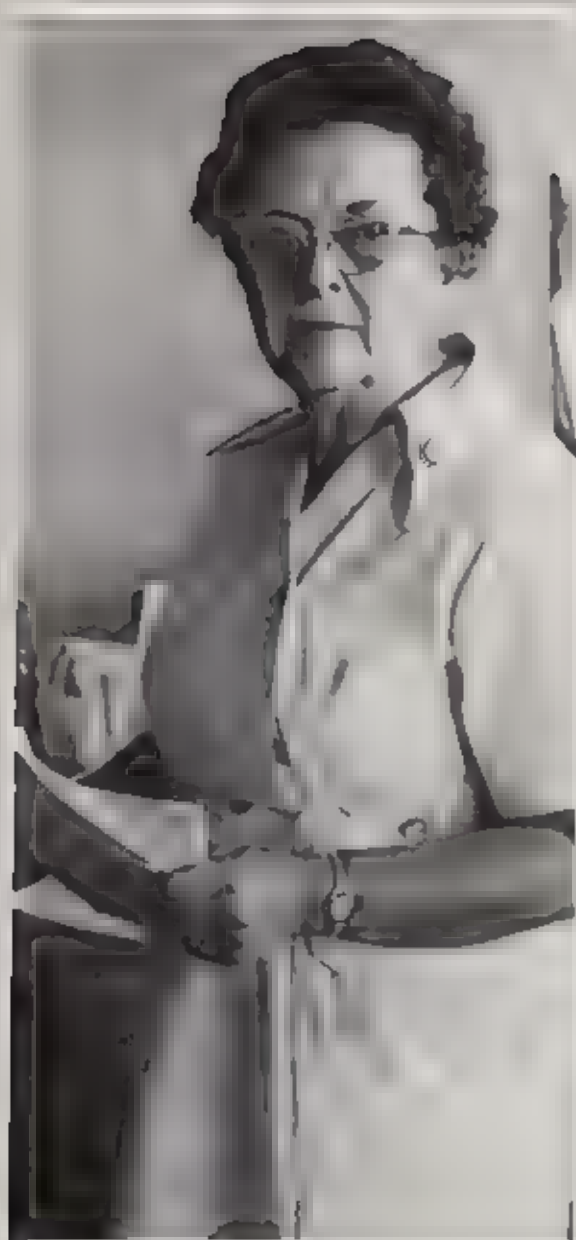

These individuals, our custodial staff, help make our school a much more pleasant place.

Cafeteria Manager Mrs. Daphne Wambold

Mrs. Geniveve DeLong COOKS: Mrs. Maggie Fitzgerald, Mrs. Rose Selak, Mrs. Marion Bollinger, Mrs. Leona Ryan, Mrs. Ruthann Luckenbill, Mrs. Anna Strunk, Mrs. Dortha Boyer, Mrs. Susan Mertz, Mrs. Emilie Werner

Mrs. Mary W. Koch

Mrs. Mary W. Koch has retired from her position at KAHS after twenty-seven years of devoted service. She became our school nurse after her graduation from the Allentown School of Nursing.

Mrs. Koch worked for the students and accomplished many things for them, such as free lunches for the needy. Her work in our school will long be remembered with gratitude and affection.

What school has taught us yesterday will be the key to our successful tomorrow. Whether we realize it or not, school has taught us more than just the practical side of education. During the first few years of our lives as students, we learned to take the basic steps towards becoming a person. Simple things such as saying please and thank you, sharing with others, and valuing truth and honesty were the first three steps we took.

As we further ascended the staircase, we learned to assume responsibility. Small tasks like washing blackboards, emptying the pencil sharpener, and being a bus patrol gave us the confidence to take on the larger responsibilities of our high school years. Success in our endeavors gave us a sense of pride and accomplishment. In just a few short years we could see definite changes in ourselves.

With time, the steps we climbed became steeper. In junior high school we began to develop new interests. Different people channeled their interest into different areas. Some were stimulated by the sciences, some by the arts, and some by athletics. With greater awareness of what opportunities could lie ahead, we were guided into making an important decision. Considering all the alternatives, we had to choose either an academic, vocational, or commercial curriculum. With this decision, we overcame the largest step of our nine years of education.

I see an image
tall, happy and free
Deb Stitzel
I think it must be

She walks up to me, they say
A smack on the back
With added gesture
I walk on, happy and gay

The halls seem so dark now
Like a good old song
The laughter has faded away

Her spirit still lingers with me
I feel like she's still walking with me
Her friends long for her company
Deb Stitzel, never again will we see

Why her, why Debbie?
All of her friends ask
I see her away from the
But still, we long to see

Where have all the good times gone?
They're gone so far away
Like a good old song
The laughter has all faded away

The Communists Are After Us! They Think We're Spies . . . Don't Drink The Water

Mr. Gougler instructs Donna Wiltrout and Kevin Smith, the student directors

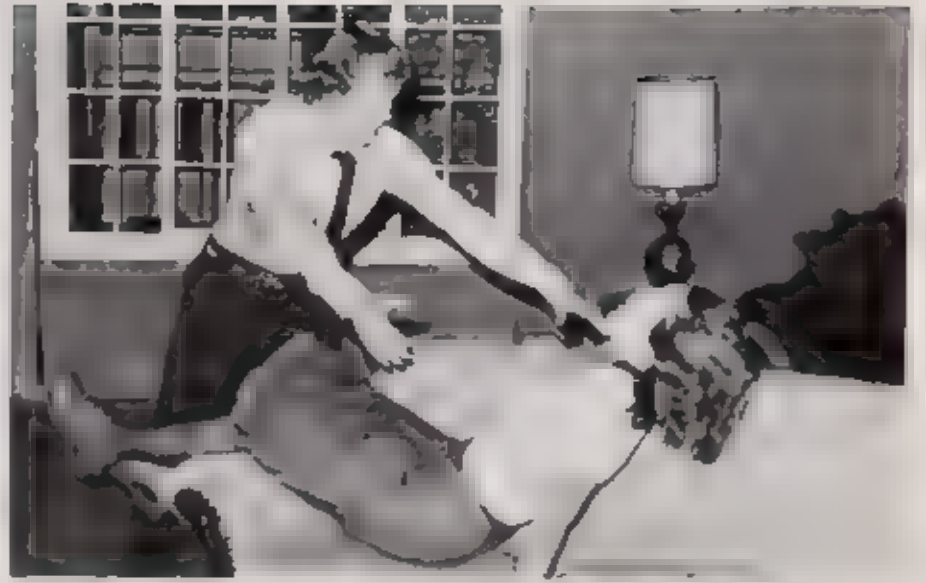

"That was the best class play I've ever seen." "I laughed so hard I came back to see it again Saturday night." "The set really looked great!" These were some of the comments that we heard when the final curtain closed on the senior class play.

We were all proud of our production of *Don't Drink the Water*, especially when we consider how the last rehearsal flopped. We'll all remember when the bomb didn't go off on time, and Bruce spilled olives all over the band.

All the great times that we had at rehearsals ended with two nights of performances. But what could ever replace the feeling one got hearing all the applause as the curtain closed for the last time?

"I don't know how Houdini got out of this"

"Have I told you lately that I love you?"

"I told you to run this embassy not fly it"

"Coffee tea or me?"

Make use of time, let not advantage slip;
Beauty within itself should not be wasted.
Fair flowers that are not gather'd in their prime,
Rot and consume themselves in little time.

—Shakespeare

Yearbook Staff Successfully Captures Memories

LAYOUT STAFF Robin Webb, Laura Gates, Lois Fitch, Becky Rohrbach, Charlann Ballard, Kathy Fox, Dorothy Dubois. SEATED IN CENTER: Joyce Hosfeld, Donna Wiltout.

Through words and pictures, our school comes alive in the pages of the yearbook. A dedicated staff of juniors and seniors work to capture the memories that make school what it is.

The copy staff handles the writing end, including captions and headlines. Interesting layouts, a very important part of any book, are left up to the layout staff, who skillfully enhance the pages of our yearbook.

Another very important facet of the publication is the business staff, who handle the expenses each year and promote buying yearbooks through posters, slogans, and assemblies.

Much work is put into the making of a yearbook, but each moment is worth it, for the finished product truly captures our school life and makes it live on forever and ever.

Bigger Treasury Enables Improved Council

STUDENT COUNCIL OFFICERS: William Bispels, Vice-President, Diane Rohrbach, Secretary Heidi Ruiz, President, Debbie Hugo, Treasurer Mr. William Riedel, Advisor

The Student Council was really swinging this year. Along with new officers came new ideas for different activities. Some of the new activities the council had were the spring sports day outside, and a car wash. They still maintain the old activities like the breakfast program, lounge, student store, ham sandwich sales, and supporting the school newspaper.

For the first time in years the council's financial situation was very impressive. The treasury was never under \$1,000 thanks to the hard work of the 50 members.

Most of the students at KAHS don't realize how hard Student Council works for their benefit. Student Council has served us for many years. Let's continue to support them so they continue to serve us faithfully.

A New Name Accents A New Style

What is small, but covers a great deal of territory? The KAHSPER of course. The newspaper has changed its name from the Cougar Courier to KAHSPER (Kutztown Area High School Press of Education and Recreation). Led by junior editor in chief Lisa Moyer, the staff and paper have grown together. The stories and photography are varied and include something for everyone. The paper and staff have come a long way.

OFFICERS: Kevin Smith, president; Tina Moyer, secretary; David Hauk, treasurer. ADVISORS: Mrs. Marcia Skiles and Mr. John Vighione, not pictured.

Wanted: Students with character, leadership, service and scholarship

Reward: Acceptance into National Honor Society

National Honor Society lets people recognize the intellectual and academic capabilities of KAHS students. Led by President Kevin Smith, this year's society inducted four seniors and fourteen juniors into their ranks. NHS provides tutoring services as well as granting scholarships and awards for scholastic achievements. This is a goal all students can try to attain.

Candy Baldwin

Our Junior Miss . . .

Poise, personality, and appearance were some of the contributing factors that gave Candy Baldwin the honor of representing Kutztown in the Berks County Junior Miss Pageant. Along with four other girls from Kutztown, Candy went to Schuylkill Valley on June 8, where she was interviewed by a panel of judges.

Once chosen, Candy had to determine her entry in the creative and performing arts portion of the pageant. She decided to combine her many talents and performed a vocal solo and oral interpretation which highlighted a film of Candy on horseback.

Candy had many memorable experiences as Kutztown's Junior Miss. The October 4, pageant was a long and thrilling night for her. The audience's warm reaction to her sensitive performance will take page one of Candy's memory book for many years to come.

Candy is escorted by a tall, dark, handsome stranger.

Candy performs with perfection.

Candy illustrates one of her many talents.

Susan Reeves

Somebody in the Class of '76 was missing. Normally she could be found running from class to band, chorus, majorettes, science club, basketball games or play practice, but the 1975-76 school term found her absent

Susan Reeves left her busy life at KAHS to travel to Te Atatu, New Zealand where she served as a Rotary Exchange student to Rutherford High School. Sue found that the school system in Te Atatu was totally different. While at school she was required to wear a uniform or at least a dress, for there are regular grooming checks. In addition, students carry their books in schoolbags because no lockers are provided.

One of the high points of Sue's experience was meeting the prime minister when he visited Rutherford High School.

Sue discovered that the pace of living in New Zealand is much slower than that of the United States. However, she found the country very exciting and was glad she had the opportunity to study there.

Nellie finds that lunch time is 'talkie' time

Being an exchange student is an exciting experience. There is one person at KAHS who could verify this statement, Pernille Philipson. Pernille, or Nellie as she is better known, comes to us from Denmark.

Nellie impressed everyone here with her talents in singing and acting. She became a member of pop group and played a major role in the musical. She also was a member of County, District and Regional Choruses.

Nellie found that one major difference between her home school and KAHS was that everyone here was really involved in sports. She was also surprised when she was allowed to decide what courses she wanted to take here. In Denmark there is no individual course selection. Students are told what courses they may take.

When she first arrived Nellie said everything was different here. But after making a few adjustments, she admits there really isn't that much difference. Nellie loves life in Kutztown and said she has experienced the greatest year of her entire life with the students of KAHS.

"Nellie, Debbie will need more make-up than that!"

Elementary Aides Benefit Teachers And Students

Once or twice a week, seniors trek across a large field to the Kutztown Elementary School. Once there, they sign in, go to their appointed classrooms and become what is known as, 'elementary aides'

From correcting work books and filing papers to actually working with individual students (sometimes even helping a Vietnamese child learn English!) the aides are given various jobs to do

Some of them find in this program an answer to their search for a career. Others simply come out of enjoyment of working with children. The elementary aide program provides a rich and valuable experience for all

Students Offer Library Valuable Help

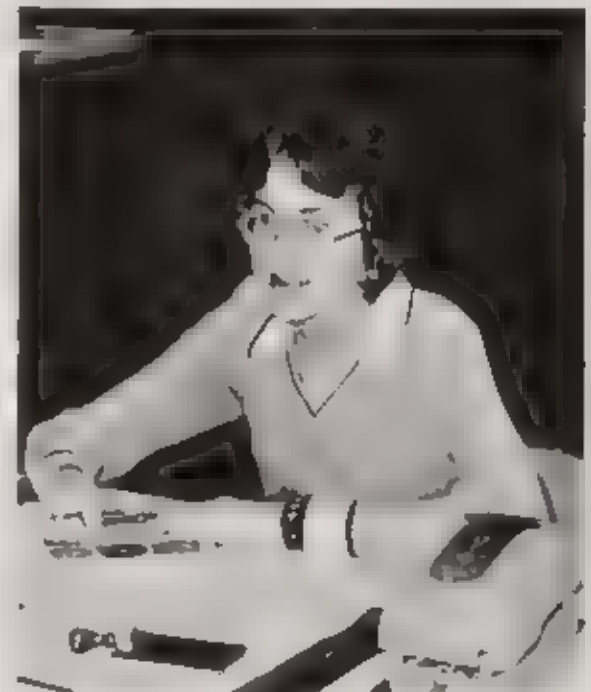

For those students who prefer to use their study periods a little differently, and who enjoy working with books, there's the library aide program. Students can sign up to work in the library for as many periods as they desire. For two or more periods academic credit is given.

Such jobs as handling the pass desk, managing the main desk, and shelving books and magazines are undertaken by each library aide throughout the year. Sometimes the aides are assigned special jobs like decorating the show case or the library.

The library aide program helps the student appreciate the work done to keep the library in operation and provide the student with a valuable way to utilize extra study periods.

We Are, The Better We Sing!

First periods Monday and Wednesday mornings bring a chorus of groans and squeals of pain. Choir director Mrs. Lucinda Knauer has just issued her favorite command, "Get up and dig in!"

The 1975-76, one hundred and forty-odd member chorus has been an experimenting, successful one. Newly added to the regular chorus are a Boys' Chorus, a Girls' Chorus and a Speech Choir. From our chorus, we sent seventeen students to County Chorus, six to Districts and one to Regionals.

Choir is a mixture of singing and laughter. Everyone looks forward to their special song, from "Have You Heard?" to the Beatles' medley to "Love Said Good-Bye." But everyone's favorite part of chorus is when Mrs. Knauer says, "Turn around and get even!"

Band Front Leads The Way

This year, something new was added to the KAHS band front. A drill front, consisting of eight rifles and twelve drill flags, joined the color guard and majorettes.

The first tryouts were held over the summer. A total of four more flags were needed, so tryouts were held again in the fall. Practices were held outside everyday after school. As the weather grew colder, the girls eventually moved inside to the cafeteria. Robin Webb and Dawn Snyder, captain and co-captain of the rifles, and Renee Trout and Dorothy DuBois, captain and co-captain of the flags, pushed and pushed until even the "impossible" movements were perfected. At the same time, the majorettes,

with head majorette Donna Wilttrout and drum majorette Lisa Fenstermacher, the color guard and the banner bearers also practiced.

Everyone realized that those hours of practice weren't in vain when the first parades began rolling around. The girls marched in six parades totally. The high point, of course, was our own Halloween parade where the entire band front created a good deal of excitement. There wasn't a person in the crowd who couldn't be proud to be from Kutztown because of our entire band front. They looked great!

Band Witnesses Exciting Changes

This year's band, boasting a membership of 180 enthusiastic musicians, has seen a big change. With the addition of the new drill front, the band began marching at football games. They performed at the season's last two games and impressed the spectators with very fine shows.

The band also participated in more parades this year than before. They braved the cold weather and traveled to Reading for the annual Christmas parade and were naturally the town's

favorite at the Kutztown Halloween parade.

Despite the unfortunate illness of Mr. Moyer, the band kept on working to produce a winter concert enjoyed by everyone. The band appreciated the assistance of Mr. Fick and Mr. Huyett during Mr. Moyer's absence, but was glad to have the maestro return.

Kutztown is noted for its fine band and the members of this year's band were proud to uphold the tradition.

Stage Band Produces Finest Sound Around

Producing the finest sound around is the KAHS stage band. The 50 accomplished musicians are well known for pleasing the audience's ears. In addition, their obvious enjoyment of performing makes them a pleasure to watch.

Under the skillful direction of Mr. Moyer, the stage band can take any tune and place it on our top forty list.

Learning the skills they are to use tomorrow is the aim of all KAHS students enrolled in the Vocational-technical program

Every day these students complete half a day at Kutztown and then board a bus to one of the vo-tech centers. Once there they watch and listen and finally, after hours of instruction, they undertake the tasks by themselves

Besides the obvious effort they make to master skills, many vo-tech students get involved in VICA, the Vocational Technical Clubs of America. Because of VICA, student members from all the different shops can get together and pool their resources in a variety of activities. Sometimes their aim is to simply have fun by watching movies, having dances, and going skating. More important though, are their community services such as sponsoring toy drives and Easter egg hunts or collecting canned goods for the needy. The entire student body of KAHS is aware of the valuable service provided when VICA members spend their time to visit the residents of Berks Heim

By the end of their senior year, vo-tech students are well prepared to face society and a job. Vo-tech has provided them with skills and background they need

There Is Always Something To Do On Friday Mornings

This year two new names were added to the increasing list of clubs. They are the Guitar Club and the Aviation Club

The Aviation Club, headed by Mr. Horst, is for students who would like to pursue a career in aviation

The Guitar Club is for students who have an interest in playing the guitar. Mr. Siegfried is in charge of the club

Popular clubs of this year are the Card Club, the Science Club, the Projector Club, G.A.A., and the Varsity K Club

The purpose of the club program is to provide students with the opportunity to develop and extend their interests in fields which are not included in the school curriculum.

There are about twenty clubs available, most of which meet first period Friday mornings. Ski Club is one of the only clubs to meet after school.

With the large list of clubs at KAHS, everyone has a choice of many things to do during club period

This year the soccer team started out the season with four shutouts, made possible by the great efforts of goalie, Gary Angstadt and the rest of the team. As the season progressed, competition increased. The Cougars were able to maintain first place until the season's end when they lost some critical games and wound up in third place.

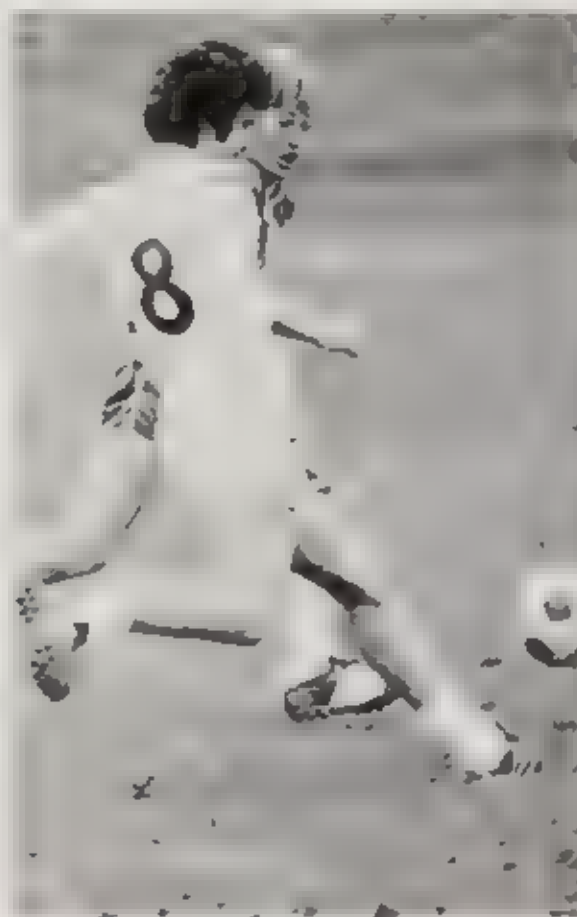

Steve Slick, who led the team with 19 goals, broke and tied the county scoring record. He also qualified for the all-county team and was Berks County's most valuable player. Steve also made the all-state team. Gary Angstadt made the second all-county team.

The junior varsity also started out in first place but fell to third place as the season closed.

More than 40 girls started hockey practices during that hot and humid month of July. Even though the coach, Miss Helman, was unavailable for the month, the girls practiced daily. Then came August and most of the girls went to Poconos Sports Camp. There were at least 20 competing schools at camp, and our girls took fifth in the Camp Tournaments.

The team's dedication to the sport paid off for this was the first winning season in hockey. Their season record was seven wins, four losses, and one tie. The girls had a fine season with much sweat and hard work being put into every game and practice.

There were six outstanding seniors on the team and one of them was tied as the top scorer in the county, with 14 goals to her credit. The hockey team is going to miss these seniors but the team will continue to practice and work hard for even a better season next year.

Football Team Improves During Second Season

The K.A.H.S. Football Team completed a 2-2-3 record for their second season of junior varsity football. The season started with a 15-0 victory over Daniel Boone and a 8-0 victory over Schuylkill Valley before losing to a tough Reading High team 8 to 0.

Kevin Conrad scored the first touchdown of the season as he had done in Kutztown's first season of play. This season brought about two firsts in the schools football history, a thirty-two yard field goal by Jim Stettler and a pass interception for a touchdown by Joe Bennett.

The Cougars held off a last second attempt by Conrad Weiser to settle for a 12-12 tie and the following week a 0-0 tie to Exeter. The season concluded with an 8 to 6 loss at the hands of Central Catholic and ended the season with a 0-0 tie to Holy Name.

Captains for the 1975 season were senior Bob Henninger and junior Mike Hollenbach.

Coach Endy and his coaching staff of Mr. Pollard, Mr. Collier, Mr. Moyer, Mr. Garrett, and Mr. Sheaffer were pleased with the leadership of the seniors and the play of the team throughout the season.

Girls' Tennis Goes League

This year for the first time the girls tennis team competed in a league. The team began practicing in late summer and was ready for the first match in September. The five seniors on the team were greatly aided by some very promising underclassmen.

The girls played their best despite all the inclement weather. They played through blinding sun, strong winds and extreme cold. Although the team captured only one game, their non-defeatist attitude made them winners anyway.

Girls no. 1 tennis player winds up for a shot!

Nice swing Darren!

Fore!" was a familiar cry as our mighty golf team swung into action

Although many matches were re-scheduled due to soggy weather, the Cougars drove, mashed and putted their way to a one-loss season, tying with Muhlenberg for first place. Coach Vighione's top men Bruce Koller and Darren Kemp, aided by fellow seniors Dave Wagaman, John Schmoyer and Bob Gottlund, were responsible for making Kutztown the number two school in the league. Muhlenberg may have won the Northern Division Berks County Golf League Championship this year, but we all know number two always tries harder.

Cross Country Places Fourth In County

The 1975 Kutztown cross country team was the biggest and the best in its three year history. With 18 runners, two seniors, eight juniors, three sophomores, and five freshmen, the team had an impressive season led by captains Harry Bieber and Kenny Sanders. Despite early season injuries to Jim Schrawder, Mike Zimmerman, and Harry Bieber, and the mid-season loss of Kevin Smith and Doug Frederick, the team rebounded from an early exhibition loss to Muhlenberg and ran their records to 7-1 before losing to Wyomissing for the division championship.

In the Berks County Championship Meet, the team placed fourth out of 16, led by an outstanding performance by Ken Sanders who placed second and a remarkable recovery by Harry Bieber who moved from last place after a bad fall at the starting line to place twenty-second overall.

At the District III championship, Kenny continued his outstanding running by placing sixth out of 230 runners to qualify for the state championships. Tracy Snyder also ran a fine race at the District III meet placing eighth and just missing a qualifying spot for the State Finals. Unfortunately, Kenny ran into a little hard luck at the State Championship and finished 90 out of 240, but he promises next year will be different.

If you had to pick your favorite sport, what would it be? For many more people in the last few years, the answer to that question is wrestling. The sport is becoming increasingly popular and KAHS wrestling is no exception.

More and more fans pack the gym every Wednesday and Saturday night to watch each individual wrestler do his thing. The J.V. team is under the direction of Mr. Breininger. They're there to learn, to perfect their moves, and to eventually fill in varsity spots.

The varsity team was young this year with only three seniors, Steve Slick, Kevin Conrad, and Bob Henninger. Coach Walker couldn't complain, though, because the team made a fine showing. At the annual Christmas tournament Kutztown came home with three first place trophies. Dan Hinkel, Chuck Fenstermacher and Bob Henninger took the honors.

The overall picture for the team was one of success. KAHS wrestling is definitely moving ahead to better, more successful seasons. With increasing popularity, who knows? Maybe wrestling will soon become your favorite sport.

Cougars Give Us Season To Remember

Nobody can say that the action on the basketball courts this season was boring. Our varsity boys' team, under the watchful eye of Coach Tominosky, put forth their strongest efforts to make this season a winning one.

Captains Dave Roth and Mike Conrad, with the assistance of senior sharp shooters Scott Miller, Gary Angstadt, and Tom Myers, gave the Cougars the extra energy they needed.

Leaguewise, there were very few losses. An early season surrender to Schuylkill Valley gave the Cougars their first defeat. The second sampling came in February at the hands of host Oley Valley. Otherwise, the Cougars trampled their adversaries and put the Kutztown label on the wreath of victory. Winning the second half Section II title, our varsity came close to capturing the Berks County Championship.

The JV's, though not as strong as the varsity, had a fairly good season. Their league record was ten wins and six losses.

O.K. boys just remember defense, desire, determination

Girl's Morale Remains Undefeated

Coach L gives encouragement to the Varsity players

This year's girls' varsity basketball team faced a long, hard season. The games were rough and the victories were few, but the girls' morale remained undiminished.

The defeat of Fleetwood, then holding first place was the high point of the season. The varsity team's overall record was one win and ten losses.

Next year the varsity team will be minus three outstanding seniors, Stacy Fritz, Terri Snyder, and Colleen Wolff. Sporting a total of 118 points, Terri Snyder was top varsity scorer.

The JV's were also confronted with a difficult season, but their overall win of eight wins and four losses made them division champs.

Remembering that rough seasons make tough players next year's team will be on the courts in November, trying to dribble their way to a winning season.

They've Got Spirit

If one had to think of a single word to describe KAHS cheerleaders, it would probably be spirit. These girls have it! No matter which squad one looks at, spirit is definitely there. In saddle shoes and short skirts, the girls, under the direction of Mrs. Walker and Mrs. Payne, give their all to cheer our teams on to victories.

Those familiar blue and white uniforms mean different things to different people but to most they represent pep, excitement, and school spirit. The crowd can't help getting excited when someone shouts, "Two bits, four bits . . ." or "when it comes to winning, we're second to none." At KAHS when it comes to cheering these girls are tops!

Cougarettes Have 3-2-1 Log In Hockey

After a wet week and two cancelled games, the Kutztown Cougarettes were ready for action. On Tuesday, the team defeated the Berks Cougarettes 3-2-1.

Wednesday the Cougars travelled to and defeated Tulpehocken and struggled to tie the Cougars 3-3. Tulpehocken scored early in the first half and scored again as the Cougars trailed 2-0. Tracy Snyder perked up with the first goal for Kutztown's team but Tulpehocken quickly recovered and won 3-1. The entire season record is 3-1-1.

November Is Career Month at KASHS; Parents Night Is Tonight

A series of events are taking place this month at Kutztown Area Senior High School for the purpose of increasing awareness of career opportunities.

Parents and teachers are considering career selections. There will be time for consultations with teachers. A program began with a special care team and their parents. The purpose of the community club is to raise funds so the boys can join the 1976 Berks soccer tour of England and Ireland.

To a person
 who can make
 you laugh & make
 you feel better
 is happy. Remember
 fun we've had all the
 RMA
 Lori '78

Kay,
 To a "flakey" person
 in my class. Never
 forget those hard
working typing
 classes with Mrs. Hebl -
 and all we got away
 with. Have fun in life!
 Brenda

Fudgie,
 To the wendist
 girl in math class,
 good luck with
 coogy
 Lori '78

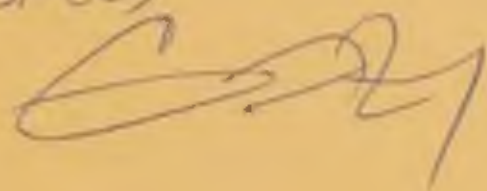

Bond,
 To the goofiest
 girl I know in my
 class. Just think
 of all the bus rides
 we had. Good luck
 with the Fella's.
 RABERT '78

Kay,
 To a really
 flakey kid. Remember
 all the good times especially
 the one about "tuck".
 RMA
 Lori '78

Kay,
 To one of those
 great tempton kids who
 always has a good joke.
 Remember all those
 lunch periods we great
 got you any rumors?
 Good luck!

KAY

To a REALLY CRAZY Kid
who I ~~new~~ all the way
through ~~the~~ school
good luck in all your
EXPERIENCES

Kay,
To someone who has
a great personality and
sense of humor and who
someone is around you just
sure to laugh.

Kay Bond,
To a real
pitiful person that
needs alot of help.
Remember our special
aces in gym class.
Good luck in the future
and much success. Good
luck with "flag".

Bettie

Kay, "a cool dude"
in my middle English classes
more or less. Never forget.
When Gary put vaseline in
Brenda's hair. Stay nice.

RMA
AF-A

lots of luck

Kim 78

Kay,
To an excellent
gym student. Don't ever forget
screaming & dancing in class &
always remember -
WATCH THOSE BALLS!

Keep in touch
